<u>Web Developer</u> - *Self Employed* *June 2019 - Current*

- Discussed site and app requirements with clients to produce actionable development plans and budgets.
- Determined coding requirements for site creation, e-commerce capability, security, and specialized scripts.
- Planned website development, converting mockups into usable web presence with HTML, CSS, and JavaScript coding.
- Adhered to SEO best practices while designing sites and public-facing online deliverables.
- Built and styled new mobile-friendly websites, transitioning legacy presentations to simultaneous easy-to-use versions.
- Integrated data from various back-end services and databases.

<u>Communications Engineer</u> - *Marine Corps Reserve* *October 2018 - Current*

- Tested cables using tools such as volt-OHM meters, spectrum analyzers, and signal level meters.
- Repaired and updated equipment to conform to company-wide standards.
- Provided training on the use, troubleshooting, and calibration of equipment.
- Connected components to exterior cable systems and tested connections for adequate power and functional links.
- Read blueprints and schematics to correctly place equipment.
